POSITIVE PAY

You work hard for your money. Let us work hard to help you protect it.

Protect Your Business

In today's growing cyber environment, protecting your business is of utmost importance. Our advanced technological solutions can help you prevent, recognize, and report scams and fraud. Enhanced reporting and simplified transaction monitoring help provide the controls and protections you need to help prevent loss from fraudulent activity.

- **Flexibility:** Digitally confirms check information.
- **Security:** Ensures only valid checks get cashed.
- **Protection:** Prevent unauthorized payments.

Add a Level of Security

Check Positive Pay:

- When a check is presented for payments, the credit union compares it to the authorized list and will not pay it if it does not match.

ACH Positive Pay:

- Transactions that match the filter or block list will be processed as usual, while those that do not will be held for review and approval by the business.

DID YOU KNOW?

Check and ACH Positive Pay can be customized to meet the specific needs of each business.
